Boca Raton, FL 33496

OBJECTIVE

As a proficient software developer, I am seeking a company where I can make a significant impact. With a strong track record of delivering high-quality solutions and having a passion for clean code, I am eager to join a team that fosters innovation and growth.

PASSION

I am fueled by a deep passion for software development and the ever-evolving technical landscape. The opportunity to create elegant and efficient solutions that solve real-world problems ignites my enthusiasm. I am committed to collaborating with talented professionals, tackling challenging projects, and continuously expanding my knowledge. I aim to thrive in an environment that promotes personal and professional development while contributing to my team's success.

EXPERIENCE

Junior Software Developer, High Academics, FL — 2022–Present

A partnered mentorship agreement where a lead software engineer, Acker Apple, has an invested interest in 6 years of my growth and success. My responsibilities have included hands on experience with Jira project management, attending routine stand-up meetings, bi-weekly sprint commitment/retro, delivering/deploying multiple projects using Git/GitHub. A deep coding focus was on me to code array loop functionality, unit testing, debug tools, React, Web Components, HTML, CSS, and JavaScript.

Server, Fit Foods Cafe, Boca Raton, FL — Jan-Dec 2021

Working in the food industry has taught me how to work quickly and diligently to account for all customers and other staff to provide efficient service. I have become highly adaptable, taking on the responsibility of others, and ensuring that we complete our tasks.

Customer Service, Tire Kingdom, Boca Raton, FL — Dec 2019-Oct 2020

At Tire Kingdom, I started behind the front desk, greeting customers and maintaining services while ensuring a functional workplace. I quickly began working towards a managerial position to gain more experience and

responsibility. I became accustomed to working with different frameworks, POS systems, and performing detailed inspections.

Sales Associate, Dicks Sporting Goods, Boca Raton, FL — May-Aug 2019

While I was a sales associate at Dick's, I served as the director of the golf department and oversaw all major sales. Additionally, I held the position of the leading sales associate and was responsible for maintaining the departments in a neat and organized manner, ensuring maximum efficiency for both staff and customers.

EDUCATION

Spanish River High School, Boca Raton, FL — High School Diploma 2018

Broward College, Coconut Creek, FL — Some College 2018-2019

- **I studied music production and business analytics**
